

NEW JERSEY

The September 24 ,1997 meeting was held at Cryan's Restaurant, hosted by George Baureko and sponsored by Jason Stergion of 3M-Traffic Control Material Division and Fred Briggs of Alloy Castings. Both men demonstrated some of their new products and then held a discussion on their products with the membership. Carmine Guagenti reminded everyone about the New Jersey membership drive. Sign up two new members and you will receive a free IMSA logo T-shirt. A Traffic Signal Level I Certification program was held Dec. 2 and 3, and an Interior Fire Alarm Level I Certification on December 9 and 10. Larry Robertson has some more requests for a Municipal Fire Alarm Level I, so he has planned one for January 27 and 28, 1998 in Teaneck, NJ. If you have any questions, please contact Carmine L. Guagenti ASAP.

New Jersey Section now has its own computer and is on the Internet. The e-mail address is imsa-nj@worldnet.att.net.
